

Information on Coronavirus

At Epicenter we are monitoring the situation carefully as it develops and we are following guidelines from the local health authorities in all our markets. Our top priority is to ensure that our community, partners and employees remains safe and healthy. And our mission is to always support all our members and their businesses in the best way we can.

Here is updated information due to the increased risks surrounding Coronavirus in the areas where Epicenter operate.

As the health authorities in our markets have updated the official level of risk to a higher level, we have revised our routines at Epicenter in Stockholm, Helsinki and Amsterdam.

Information:

- We will continuously inform our members and community on what actions we take at Epicenter in each market.

Cleaning:

- Epicenter are taking all measures to keep our buildings clean at all times. We have increased our cleaning routine at Epicenter. And we are, in particular disinfect surfaces with a lot of touch points such as tables, screens and door handles.

If you have symptoms:

- We recommend to all our staff and members that have symptoms such as fever, cough or respiratory problems to stay at home and contact authorities for advice.

Community events:

- To protect our members, we have increased and strengthened our cleaning routine and we will take all measures to keep our facilities clean at all times. However, as the Coronavirus is known to spread through drop infection, the most effective way to reduce the risk of contamination is to reduce contact with people in large gatherings. For now, and until further notice we have postponed our Community Events and member activities. This is to prevent virus spreading at Epicenter. As a digital growth community we offer other types virtual solutions to have events, summits or conference calls to help members keep their business moving forward

This is a concerning time and we will do very best to ensure that our community and colleagues at Epicenter remain healthy.
